Culture Is Our Business Marshall McLuhan 2015-02-12 Culture Is Our Business is Marshall McLuhan's sequel to The Mechanical Bride: Folklore of Industrial Man. Returning to the subject of advertising newly armed with the electric sensibility that informed The Gutenberg Galaxy, Understanding Media, and The Medium Is the Massage, McLuhan takes on the mad men (a play on the ad men of Madison Avenue) of the sixties. Approaching commercial messages as unacknowledged art forms and cultural artifacts, McLuhan delivers a series of probes that pick apart their meanings and underlying values, their paradoxes and paralogisms, and their overt function as persuasion and propaganda. Through humor, satire, and a poetic sensibility, he provides us with a serious exploration of the consumer culture that emerged out of the electronic media environment. In keeping with the participatory ethos of the Internet that McLuhan so clearly anticipated, this is a book that is meant to open the door to further study, reflection, and discussion, and to encourage the development of critical reception on the part of the reader.

Cook with Jamie Jamie Oliver 2007-10-02 My guide to making you a better cook. I can't tell you how long I've dreamed about writing this book. It's the biggest book I've ever done, and I've really tried to make it a timeless, modern-day classic. Whether you're a student, a young couple, an established cook, or a novice, I'll take you through a whole load of simple and accessible recipes that will blow the socks off your family and any guests you might have round for dinner. There's information on the equipment that I think you should have in your kitchen, advice on how to recognize and cook loads of different cuts of meat, as well as on how to get the best value and quality when you're out shopping. With all of us consuming more processed food than ever, it's a sad fact that most people just aren't confident enough to cook anymore. With this in mind, now is the time for you to get stuck in and reclaim your fantastic cooking heritage! You know what . . . if you're going to eat three times a day for the rest of your life, you might as well learn to cook properly and enjoy it! So roll up your sleeves and let me help you. P.S.: By the way, you should feel good about buying this book because every single penny I make from it will go toward training and inspiring young kids from tough backgrounds all over the world to have a career in food

through the Fifteen Foundation. So on behalf of them, thank you.
